The White Cap — 1961

Toledo Hospital School of Nursing

Toledo, Ohio

Toledo Hospital

FOREWORD

Autumn with the trembling knees and the quaking hearts of each new student, a hurried walk through the park to the University on a brisk November morn; a carnival jammed with fun; snowflakes falling gently on the Christmas decorations bedecking Croxton House with season's cheer; affiliations and new friends; the Variety Show with many hours of rehearsal, house lights dimmed and a hushed, expectant audience; the hope and tender care given by each student nurse in her blue checked uniform and crisp white apron, the smile of gratitude which is her only reward; the shining eyes and the happiness of capping as each big sis proudly places the symbolic cap which will forever be worn as a dedication to the healing of the sick; the dignity of graduation culminating three years of hard work . . . all these moments we will have to remember, each one and many others are recorded here within this . . . your White Cap.

Miss Edna E. Sharritt

Director of Nursing Education and Service

After graduating from the Grant Hospital School of Nursing in Columbus, Ohio, Miss Sharritt went on to Columbia University where she received her Bachelor of Science and Master of Arts degrees.

In 1939, she was first employed at Toledo Hospital as Assistant Director of Nursing. But this was soon interrupted by the army. Here she served as Chief Nurse of the Cadet Nurse Program at Fletcher Hospital and later as Chief Nurse of the 238th General Hospital Division.

In addition to her activity in many civic and professional organizations, she is beginning her 9th year as a member of the Ohio Board of Nursing Education and Nursing Registries.

For the past 14 years Miss Sharritt has gained the respect and admiration of those who work with her in her position as the Director of the School of Nursing and Nursing Service.

Miss Beulah Klingler

Associate Director of Nursing Education

With an everlasting sense of humor and a ready smile, Miss Klingler finds time in her busy schedule as Associate Director of the School of Nursing to attend to the unexpected which seems to occur quite frequently.

A graduate of Lima Memorial Hospital, she obtained her Bachelor of Science Degree from Western Reserve University and her Master of Arts Degree from the University of Chicago.

Eleven years ago, Miss Klingler came to us as a surgical instructor and then assumed her present position which requires supervision of the students' education and activities.

Previously she participated in the Student Nurse Association of Ohio and served as advisor to the Toledo Student Nurse Association in addition to numerous professional activities.

Surgical Faculty

In surgical classes we are taught the many new and miraculous advances in surgery used to cure diseases in our present day medical world. On the wards we learn to care for and promote the recovery of the patients who undergo these procedures. The Surgical Faculty through their effort, patience, and encouragement are responsible for the knowledge and skills we acquire as students.

Miss Joanne Collins

wash the armpit?

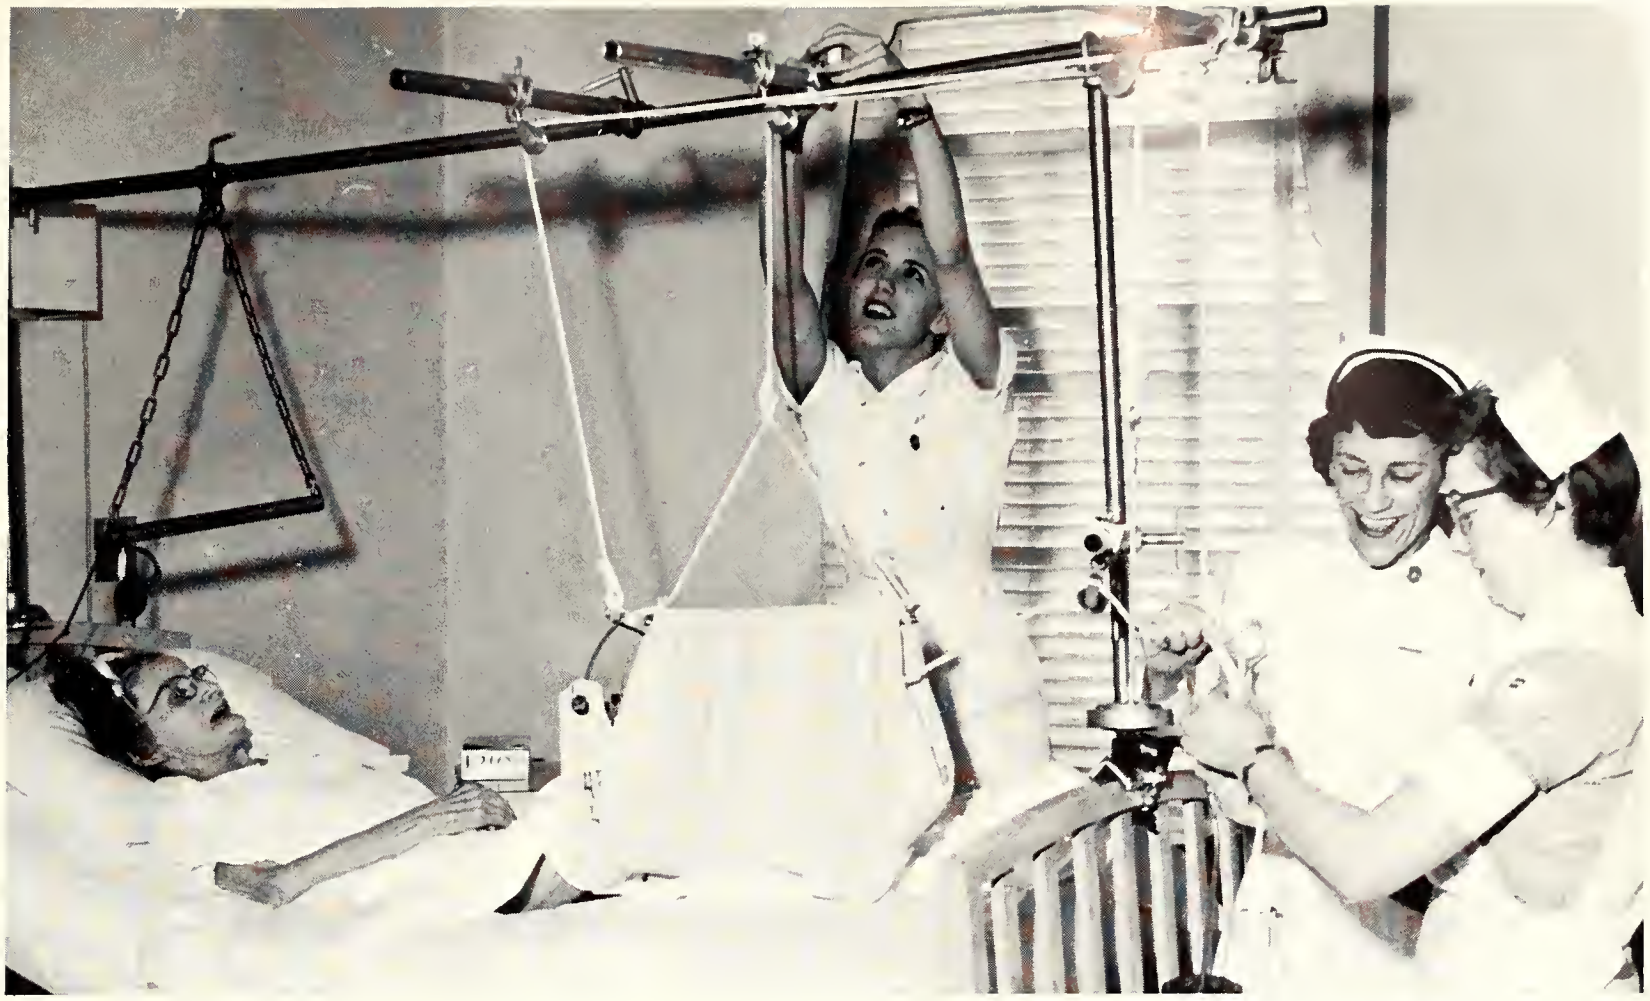
Nursing Arts was our first experience in actual nursing, as the term would imply. We learned to make beds, give comforting back rubs and perform numerous procedures ranging from the simplicity of an enema to the complexity of administering medications. After using one another as guinea pigs in lab we nervously performed our tasks under a watchful, understanding eye on the floors. It was the close supervision, helpful hints and prodding of our Nursing Arts Instructors that enabled perfection in the many routine duties we execute on the floors.

Miss Ann Hagen
R.N., B.S. Capitol University Columbus, Ohio
Miss Elaine Swank
R.N., B.S. Ohio State University

Obstetrics

Many memories are conceived during our three months stay in the Obstetrical department. This special service is divided into three sections, nursery, delivery and post partum. Each section offers new challenges to the student nurse, from witnessing the birth of life to bidding the happy new parents good wishes as they leave with their new bundle. Without the knowledge our obstetrical instructors so expertly convey through lectures and clinical experience we could never meet the challenges with which we are confronted.

He'll be able to compete in the featherweights next year!



Think I'll refer to my Girl Scout manual!

Orthopedics

The eight weeks spent in the Orthopedic department was a new and rewarding experience. Through patients and encouraging instructors we learned the fundamentals of nursing orthopedic patients and providing relaxation and comfort for a patient while the broken body and soul healed. To see them up on crutches for the first time was our satisfaction. It took us a long time to figure out how many pulleys, ropes, and weights to use when applying leg traction but with time and experience another principle was added to our scope of knowledge.

Miss Gratia Gikling
R.N., M.A. University of Pittsburgh

Miss Gail Frobose
R.N., B.S. Capitol University Columbus, Ohio

Mrs. Willathea Bayless
R.N., M.S. Ohio State University

Medical Faculty

Our Medical Faculty plays a major role in helping the student develop nursing techniques in all capacities. Their work ranges from diagraming the structural units of the human heart on a classroom blackboard to guiding the student nurse as she assists the doctor with a diagnostic test. Medical nursing is one of the most rewarding and heart touching phases the student experiences. Certainly the support and knowledge gained from these instructors encourages every student nurse, to develop all her nursing skills to the best of her ability.

Miss Mary Bevis
R.N., B.S. Ohio State University
M.A. University of Chicago
Advisor, Intermediate Class

Mrs. Alice Manion
R.N. St. Thomas School of Nursing Akron, Ohio
B.S. Loyola University, Chicaga
Advisor, Student Associatian

Social Science

These classes were just a few of the many we sat through but in many ways they were the most interesting. History of Nursing brought to our thoughts the hows and whys behind our profession. Sociology helped us to see the socialogical effects of health and illness upon a human. The Marriage Course was preparation for the future.

"What's the emergency?"

Emergency-Outpatient

As a part of our clinical experience, each student spends two weeks in Emergency Room and two weeks in the Out-Patient Department. In Emergency Room, the student is taught the fundamentals of emergency care and how to function in an emergency.

Many patients are seen by the house doctors in our Out-Patient Department. This area consists of several divisions: Medical, Surgical, Obstetric and Pediatric. Here the students assist in the follow-up care of patients and recognize the importance of preventive medicine and the promotion of better health in our community.

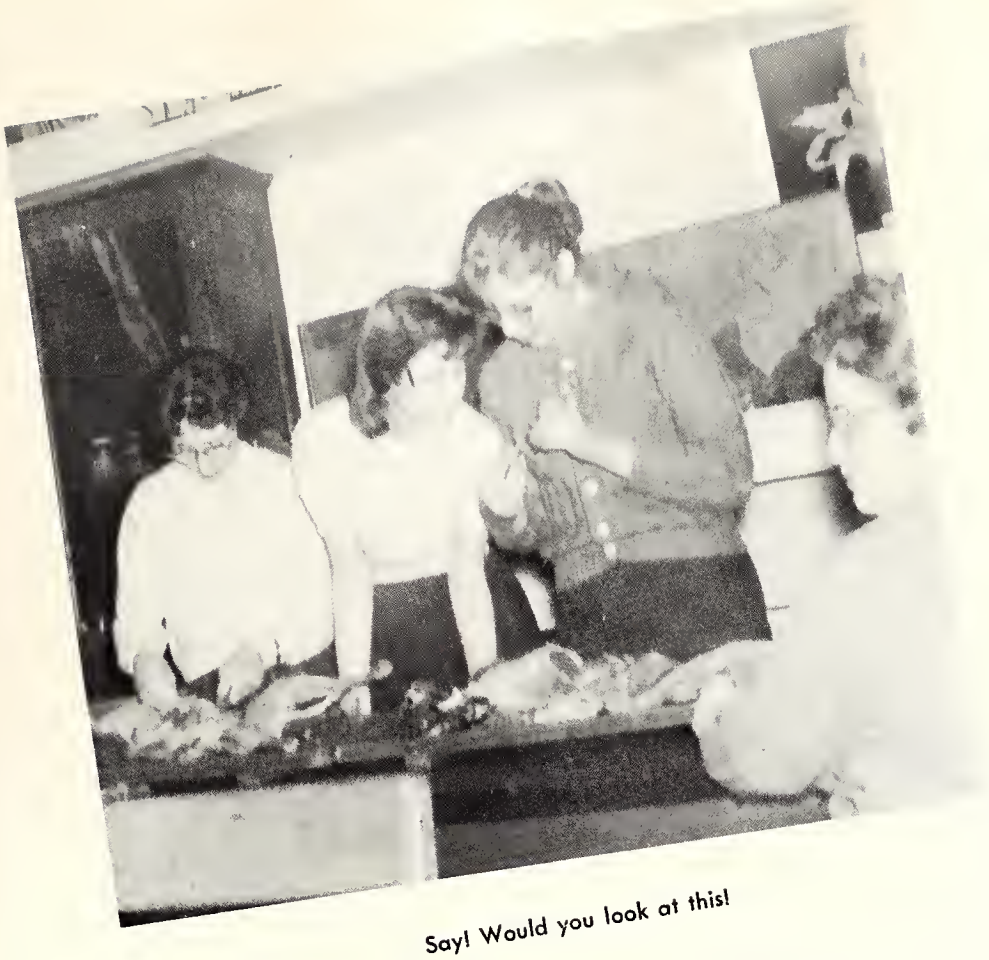
Mrs. Mary Kupper (right)
Instructor, Nutrition and
Diet Therapy
B.S. University of Idaho

Dietary Service

During our training, a four week period is spent in a special unit called Diet Therapy and additional courses in nutrition are presented. It is here we realize the great impact food has upon our civilization. Diet is extremely individualized according to culture, disease, age, and established habits.



Say! Would you look at this!

Harold Shaffer, M.S.
Instructor, Anotomy and Physiology

Toledo University

To obtain a foundation upon which to build, the student nurse attends classes at Toledo University for one semester of the first year. During this preclinical period many late hours are spent laboring over Anatomy and Physiology, Chemistry, Microbiology and Psychology.

Many fond memories are recalled of our experiences at the university, namely Anatomy Lab, when we disected our cats, the long lectures and the extra Saturdays we spent diligently taking notes in Room 1 . . . and oh, we'll never forget the long walk from the Hospital through Ottawa Park to the University each morning, in all kinds of weather.

CLASSES

Class of '61

TOP ROW: Miss J. Collins, Advisor, Miss Manor, Secretary-Treasurer, First Semester, Miss Goetz, President. BOTTOM ROW: Miss Stuttle, Vice President, Miss Myerholtz, Secretary-Treasurer, Second Semester.

The Senior year has much meaning for every student in nurses' training. It is during this period that nursing skills, abilities, and techniques are completely developed. The senior student becomes a responsible and trusted member of the health team, which is one more step in the direction of becoming a registered, professional nurse.

Incorporated within this third year of training are many class activities. These include such things as compiling the school yearbook, informal dances, a spaghetti supper, and various money making projects.

Although this year is filled with many hours of evening and night duty, it passes swiftly, almost too fast. Mid-way, black bands for our caps are received and then six more months brings graduation, climaxing three years of classroom and clinical experience.

We waited

Intermediates

Now we are intermediates! Everything is beginning to fall into its appropriate place with a meaning it never had before. We find time to show artistic ideas, mechanical abilities and even a little drama spiced with comedy.

Activity began immediately with probie initiation. "Sisterly" love was lavishly displayed through provision of good square meals, fresh air walks to the Colony, and realization of the importance of humility. "Cats, rats, mice and fleas . . ."

Remember the sophisticated swing of the Christmas dance? Our domestic abilities seeped through when we successfully conducted two bake sales.

It was saddening to realize while attending our Farewell Banquet at the Aku Aku Room that time together, as a whole class, was climaxing. We discovered how close we really were when laboring on our Variety Show. Constant planning, rehearsing, then, the thrill of opening night, are indescribably precious moments.

The Preclinical Class

This is the trial period of nursing life where the patient is so much in mind that often we are afraid of him.

Somehow everything we have been taught in the past few months seems to have gotten confused when we compare what we have learned with our first patient. Suddenly we are on the wards with the rest of the nursing team and in the excitement of it all we have forgotten everything. But each day, slowly, everything begins to correlate.

It's hard! We have seen despair, heartbreak, death, and happiness and through it all it is only professional to keep a calm, smiling, unreavealing face. Here it is where we learn what it is to be a young woman, with a maturity beyond our years. That is, until we have left the hospital, and return to the domitory. Then we are again young students! No one can comfort and be as understanding, no one can speak with such a light soothing voice. No one but our own preclinical student.

ACTIVITIES

See my new "uni"?

To think she gave these up for nursing.

Probies Stampede Croxton

Been shopping, girls?

"Nothing better than a good square meal!"

Don't overexpose the patient!

Duck! Here comes an Intermediate.

and Initiation Begins!

Initiaton week has a special meaning to student nurses, especially to the Intermediates. At this time, usually the first day of the second week of our "Probies" training, it's fun, fun and more fun, for the Intermediates of course. There is the usual garb which at Toledo Hospital is traditional and this consists of: hair worn in pony tail, blouses, skirts and sweaters worn backwards, one nylon and one bobby sock with two different types of shoes. Among other things the Pre-clinicals were required to march through the Colony Shopping Center wearing their outrageous outfits.

The Seniors provided entertainment to get acquainted and show the Probies they didn't forget them.

To wind up this very busy Initiation Week the Intermediates gave a party at which each student was given a stunt to perform. This is a very gala affair and usually enjoyed by everyone except the Preclinicals! Refreshments were served and Initiation was over for another year.

Varicosities? At your age!

Student Organization

Mass in action

N. Stump, S. Bender, M. Baling, J. Ayers

PROGRAM COMMITTEE

The Student Association of the Toledo Hospital School of Nursing is composed of the entire Student Body with each student having the privilege to voice her opinions during mass meetings.

The Executive Council is composed of the Student Association officers and representatives from each of the three classes. The Council meets monthly, preceding the mass meetings, and then takes its suggestions to the student body. The Executive Council serves as the governing body of the Student Association.

In some of our activities, we presented the yearly carnival and also sold pen sets. Our main welfare interests were our Thanksgiving and Christmas families. The basketball team and Convention representatives are both financed by the Student Association.

The year 1960-61 marks a very successful year . . . thanks to the support of every Student and Faculty member.

Good old Mountain Dew!

What a flapper!

Executive Council: B. Fike, L. Huttinger, M. Goetz, Mrs. Redding, E. Bollman, S. Ensign, N. Dreher, J. Cronbaugh, L. McLaughlin, C. Lemmerbrock. STANDING: **P. Rendle, N. Ball, Mrs. Monion, J. Tanner, L. Houseworth.**

Executive Council

Connie Schlasser, Chairman Canstitution and By-laws TSNA Nancy Ball, Secretary, T.S.N.A.

Like . . . Beat-nurses.

T. S. N. A.
Toledo Student Nurses Association

The Toledo Student Nurse Association is an organization which promotes better understanding of nursing as a profession. The student belonging to TSNA becomes automatically a member of the Student Nurse Association of Ohio and the National Student Nurse Association. Being a district organization, it creates better relationships between competitive schools and an opportunity for learning and teaching experiences.

As well as advancing the professional and scholastic status of student nurses, TSNA provides for various activities and entertainment throughout the year. Student Nurse Week is probably the biggest and most publicized activity of TSNA. It is a week crowded with teas, tournament basketball games, glee club programs, and parties for local homes for the aged or orphanages. The highlight of the week is when Miss TSNA of the current year is chosen, on the basis of her scholastic standing, TSNA activities, and an essay. The title of the essay this year was "This is my work, my blessing." Miss Nancy Drew of St. Vincent's School of Nursing was this year's winner.

T.S.N.A. Baund!

Hey everybody! We're here!

State Convention

1960

Say! What's behind that door?

Who sleeps during canventions?

Oh what a crowd!

Carnival

October with its bright Fall colors and crisp cold air brought to Croxton the excitement of the annual carnival. Preparation began early in the month and climaxed on the twenty-eighth when parents and friends entered Croxton auditorium — a world of clowns, balloons, and caramel apples.

The probies, intermediates, and seniors each had five or six booths with prizes for extinguishing the candles, breaking the balloons, or knocking over the bowling pins. The Expresso Cafe served to entertain our beatnik friends and the tunnel raised the hair on even the calmest neck. The Faculty presided over the bingo and the Mothers Club conducted the bakesale. A gay Halloween Dance followed with much fun for all.

A profit of approximately $600 was made for the convention fund. This fund is used to send delegates to State and National convention. Both guests and students alike enjoyed the excitement of carnival time.

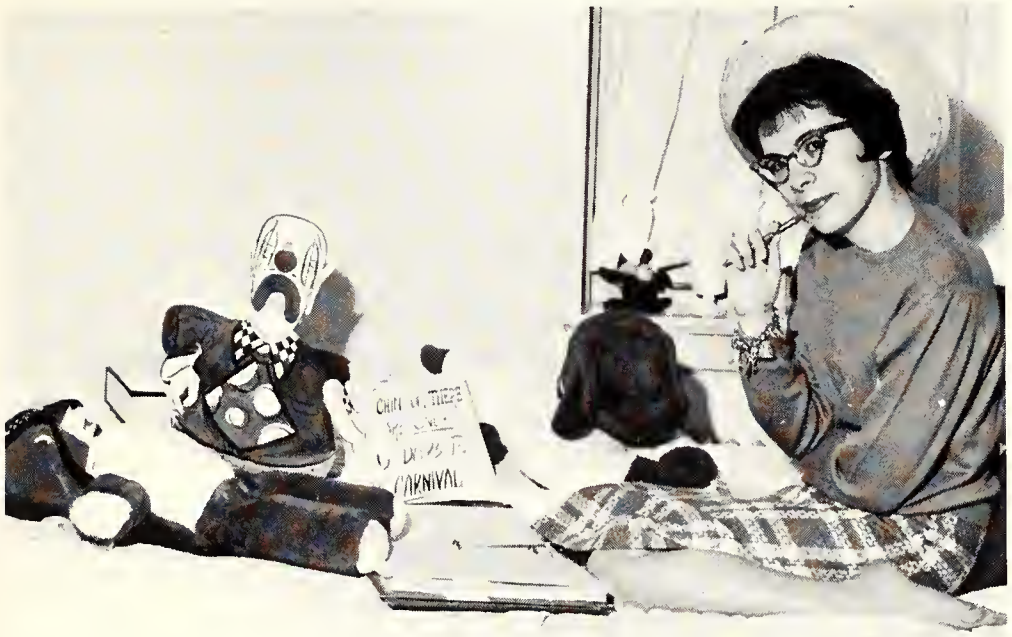
Step right up

Bread and water far another week!

J. Miller, T. Zeller, N. Ball, Mrs. Bailey, J. Wales

PUBLICITY COMMITTEE

Sparked by Overwhelming Spirit



Carol Knapp
Chairman

We're ready?

All our food is delicious

Empty!

What is in the house?

Chapel Committee: Miss Sharritt, Miss Klingler, Advisors, P. Shank, J. Siekeres, B. Fike, P. Harrison (Absent), J. Raynon, Chairman.

Chapel

Every Tuesday evening the student body gathered for a brief time to worship and sing. The music of the organ filling the gymnasium created a special atmosphere for our chapel services. A new element was added to our services this year, the planning was done entirely by the students. Frequently guest ministers were asked to speak, also inspirational messages were given by student speakers. The chapel committee spent a busy and full year planning our services, using many new ideas.

Chapel services have been more inspiring to the student since they have put forth their own effort in preparation of our worship services.

Spreading inspiration

Pause . . . and pray

Mr. Barnes, Choir Director.

SOCIAL COMMITTEE

Miss Swank, Adviser, Miss Rothlisberger, Miss Houseworth, Miss Netcher, Miss Overly, Miss Mowery.

"We're going on a hayride"

Tuesday Afternoon Tea

The **Social Committee** was faced with the difficult task of planning the social whirl of Croxton Hall. Granted it is difficult to plan activities for two hundred people, each with different tastes and cultural backgrounds. However, a varied and colorful program was planned consisting of dances, a splash party, a Christmas party, and a hayride.

One of the highlights of the year was the hayride held on November eleventh. Two trucks, overflowing with hay, happy young couples and faithful interns, made their way to the Weyher farm in Maybee, Michigan. These well planned activities provided good times for everyone during the 1960 to 1961 season.

. . . Deadlines, and Late Nights

YEARBOOK STAFF

Co-editors, 1st semester: J. Monk, J. Ayers

. . . Deadlines and late nights is right! Could we ever forget room 355 . . . that "dear" little room that we editors knew only too well. What was beyond this door was a secret to most every other gal in the nurses' home. And as we continued to burn the midnight oil, tension and frustration mounted, but the morning after brought forth indefatigable, bright-eyed, bushy-tailed editors.

Advertising, Sponsors, & Sales Chairmen

1st semester: P. Pavlik, B. Fike, E. Spohler

2nd semester: B. Felt, J. Elston

Co-editors 2nd semester: B. Mowery, M. Shoemaker

Gathering of the clan.

Basketball or ballet?

Victory!

Jump!

Plan of action!

Victory! Is Our Cry!

The team was in a huddle, and this is what they said:

Let's fight team and make our school proud. And proud we are!

In early Fall, practice began under careful guidance and encouragement from Miss Carol Cordner, coach. Individual skills were perfected and developed into a functioning unit. Each seemed to anticipate his fellow player's move, resulting in real teamwork.

Weekly games held at DeVilbiss High School gymnasium between Toledo area schools of nursing were highly spirited through the aid of our vivacious cheerleaders and receptive spectators.

Preservation of basketballs, tennis and badminton rackets, baseballs, toboggans and bicycles is carried on by the Sports Maintenance Committee.

The season climaxed victoriously! Congratulations City Champs!

SPORTS MAINTENANCE

S. Reese, S. Higley, Miss Delzell, S. Allen

Quivers and Quakes

First Day on Duty

Down go the meon old germs.

Now what should I do with it?

Oops! Almost dropped it!

Movie and Welfare Committees

Movies are better than ever! Ask any student nurse and she can tell you of the pleasant times spent away from books and studying. While relaxing with cokes and chips we watched many of our favorite stars. "Dial M for Murder" was one especially enjoyed by all the students. Miss Fedor and her committee have given us many hours of fun-filled entertainment by their selection of some great movies.

Relaxation or Exhaustion?

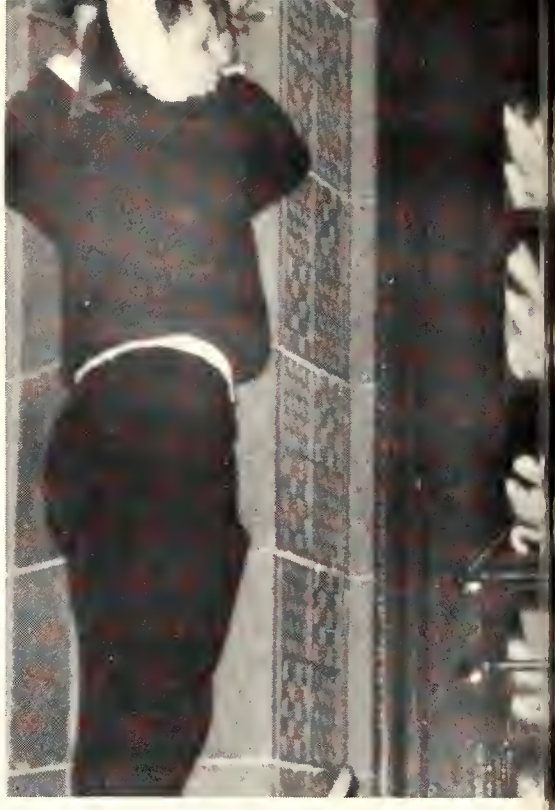
MOVIE COMMITTEE

L. McLaughlin, J. Krumm, S. Roth, S. Popp, S. Fedor

Helping others is the main responsibility of the Welfare Committee. No one quite realizes the joy and satisfaction that comes from providing a delicious Thanksgiving dinner to a needy family, unless they themselves are there to see those smiling happy faces. Surely Caroline Hassinger and her committee have experienced this many times throughout the year while lending a helping hand.

WELFARE COMMITTEE

M. Given, M. Walter, M. Carr, C. Hassinger



Bedecking

Silver Bells

The Christmas Season was appropriately ushered in with cherub voices floating throughout the hospital corridors. As the strains of "O Holy Night" dwindled, the students returned to Croxton's Auditorium to enjoy the more humorous aspect of Christmas, "Twas the Night Before Christmas" presented by the preclinicals.

"O Holy Night"

roxton

and Mistletoe

. . . Awaiting Saint Nick

All sat with anticipation, awaiting Santa. Suddenly, who should appear, but Old Saint Nick with her bag full of cheer. Gifts were joyfully distributed among the students, then later presented to the Pediatric Department.

"She must have been a good girl"

Everything has its meager beginning

Getting to know you . . .

Fantasy

I could have danced all night

On the rocks, please.

Memory Music

Will this pose do?

in Frost

Our Christmas festivities were highlighted by "Fantasy in Frost" at the Knights of Columbus Hall. Mistletoe, a kissing ring, dim lights, smiling couples with moonlight dreams, danced to the music of the Ramblers. The Intermediate Class' long hours of planning and decorating were truly rewarding, adding another memory to our lives as student nurses.

I'm much warmer now.

Think I'll drown my sorrows.

"I'll be home for Christmas"

Pediatric Affiliation

As a part of our curriculum we travelled South to the city of Cincinnati for an affiliation at Children's Hospital. The day of arrival was a sad one with many tears and lonely hearts. We took up residence in Vincent Hall, a large building, which looks like an old English dwelling place. Most of us lived in three room suites, but some had

Even though homesick and lonely for Croxton halls, these children in spite of the many nursing problems they presented, will always have a warm spot in our hearts.

Helping the acutely ill child return to the active, laughing child, most of us know was a rewarding task. Observing the slow, day by day progress made by the "premies" as they fought to keep their tiny grasp on life, was an experience none of us will ever forget.

One highlight of summer affiliation — the Phi Chi Pool.

"Stately" trio

So what if I brake my engagement

Psychiatric Affiliation

Our affiliation at Toledo State Hospital proved to be a highlight in the nursing experience of many Toledo Hospital Seniors. The three months spent here consisted of many interesting classes correlated with clinical experience on the wards. It was a time also for meeting and exchanging ideas with students from other schools and therefore broadening our concept of nursing in general.

Orientation to our psychiatric wards was for most of us an anxiety filled period. This was mainly due to the fact that we did not know what to expect. There is always a bit of secrecy connected with jangling keys and locked doors but we soon found that this is only to protect the patient.

It was during our affiliation here that we realized the need for mental hygiene in our everyday life.

We get to eat in our slacks here!

See! Students do read the paper!

Ah — Chool

Does this look O.K.?

Some Work . . .

Impressive looking isn't it?

Wheeel

My funny Valentine

"Shall we dance . . ."

. . . and Then Some Play

Memories of the past year at Croxton include the Splash Party, Valentine Dance and not so pleasant Exam Week. Exams for the first year students at the University saw them burning the candles at night and studying between classes during the day.

An array of cupids and a large glittering heart, under a red glow, set the scene for the Valentine Dance, sponsored by the Senior Class. The dance was enjoyed by many of the students as well as many of the fraternities from Toledo and Bowling Green Universities.

Swimming was enjoyed by all attending the Splash Party held at the Catholic Club, sponsored by the Student Organization. After the dip, refreshments were enjoyed by many tired and hungry girls.

Here we go with another week of exams!

"Big" Sis Caps "Little" Sis?

May your lamp
forever burn.

Onward . . .
Miss Nightengale

A guiding gift in your chosen career

The Pride of Capping

Capping to a nurse is one of the most memorable times in her life. After completion of the probation period, in which so much has to be learned, the student nurse welcomes capping. For it is then they receive the traditional nurses cap of Toledo Hospital, the first step in achieving their goal.

It is not only a tradition but an inspiration to every student nurse. Lamps are lighted by Florence Nightengale, "mother" of nursing, encouraging them to hold their lamps high and to bring light into the lives and hearts of the people under their care.

Then the student takes the pledge of nurses all over the world," . . . With loyalty will I endeavor to aid the physician in his work, and devote myself to the welfare of those committed to my care."

Who's most Proud?

MUSIC & RECORD COMMITTEE

J. Graetz, Ch., Mrs. Harvey, First Semester Advisor, M. Wrasse, C. Browne, P. Pavlik, First Semester, C. Crawford, (Absent) Secand Semester.

For you, fellow clossmate

The Dignity of Black Velvet

Pass the Lubafax, Please!

We'll never forget taday.

Where'd that sky hook go?

Colorama

The Intermediate Variety Show is one of the biggest events of the year, not only for Intermediates, but Seniors, Juniors, relatives, and friends as well.

This Spring the Intermediates unveiled the hidden talents of their class to produce a magnificent show **"Colorama."**

The faculty also disregarded the white uniform for this production and produced a one-act skit — "The Last of the Red Hot Mamas."

Hard work, practices every night, costumes created and scenery designed, brought forth the talents of the class. After the last performance everyone wished it could go on longer, realizing it was one job worth doing, resulting in a treasured unity among classmates.

"Pick it, Davey!"

Blue Moon — Slurp!

Alluring Alohas

Red hot mamas!

Roll out the barrel . . .

Flipped flappers!

Polka-dat vest and man a'man!

Ouch!

"And the band played an . . ."

Such lovely "dishes"!

Pacific

Paradise

"Pacific Paradise" was the theme of the Spring dance presented by the Junior Class. It was held in the Croxton House auditorium in honor of the Seniors. The decorations were very typical of the islands in the Pacific with palm trees, a thatched hut, multicolored flowers hanging from the ceiling and scattered on candle-lit tables reflecting in an attractive pond of water lilies. These all created an air of beauty and romance for dancing. The refreshments were delightfully served with a variety of tropical fruits as the Islanders would serve. The atmosphere was very tempting as hopes were high of seeing the "real" Pacific someday.

Who's going to get up and da the hula?

Swaying with the South Sea breeze . . .

Our "unies" may be long but they're different

National Convention at Cleveland

WAYS AND MEANS COMMITTEE

Advisors: Mrs. Conmay and Mrs. Magnuson, A. Lasley, J. Ayers, 1st Semester, N. Dreher, Chairman, M. Carr, 2nd Semester (absent).

Like . . . we oughta have more canventions!

WHY . . . nat!

NOMINATING COMMITTEE

BACK ROW: Mrs. Redding, Advisor, J. Schindler, K. Seiler, Mrs. Manion, Advisor. FRONT ROW: S. Thompson, Chairman, J. Duvall, M. Agee (absent), S. McMurray (absent).

LEGISLATIVE COMMITTEE

Mrs. Redding, Advisor, J. Crilly, Chairman, B. Kuhlman, L. Beckley, Mrs. Manion, Advisor, L. Cook, Second Semester, N. Hofmann, First Semester (absent).

Our deepest thanks to you, Mrs. Robinson
Director, Croxton House

Night Hostess: Mrs. Cluxton

Evening Hostess: Mrs. Moore

Harmony in

Day Hostesses: Mrs. Hamilton, Mrs. Lory

HOUSE COMMITTEE

BACK ROW: P. Mallory, S. Higley, P. Rendle, Chairman, Mrs. Redding, Advisor, Mrs. Robinson, Advisor
FRONT ROW: J. Nagel, M. Boling, N. Hofmann (Absent).

Our House

Through functioning on this committee the student gains insight into problems encountered in dormitory life. Such problems include repair and maintenance of equipment and disciplinary measures.

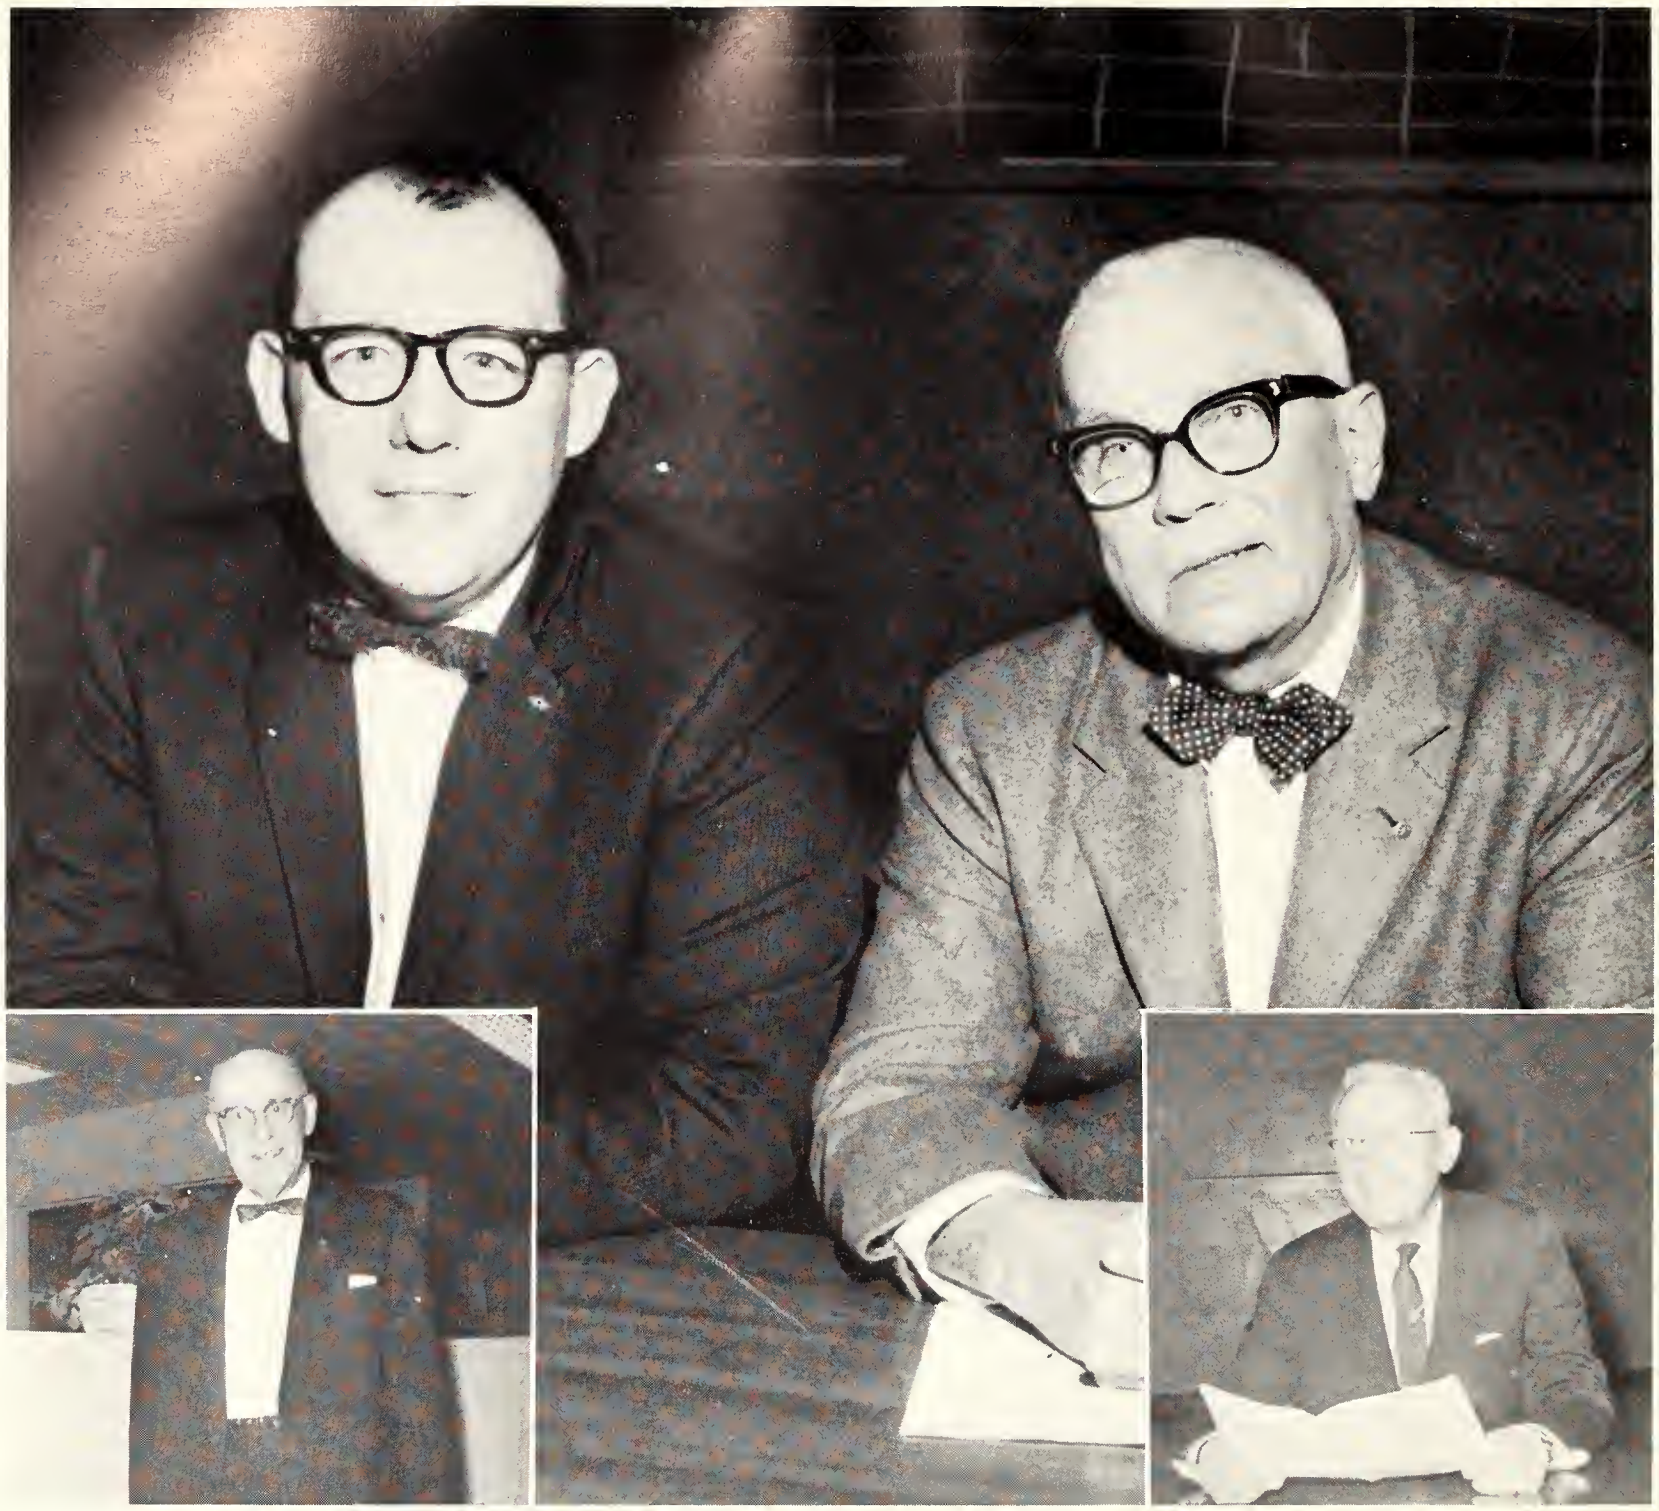
Its membership consists of a student representative from the respective floors, Mrs. Robinson, house director, and Mrs. Redding, advisor.

Nightly nine o'clock break!

After graduating from Tiffin University in Business Administration, **Mr. Benfer** came to Toledo Hospital in 1928 and in nine years progressed to the position of Administrator of the Institution. In addition he has also served as the president of the Hospital Council of Toledo and as president of the Ohio Hospital Association. In our own Hospital Mr. Benfer serves to select the directors of various departments and to correlate their activities. He has shown much interest in his work as well as in the Nursing School and has been most competent as administrator.

The position of Associate Director of Nursing Service has been held for the past nine years by **Miss Belisle.** After graduating from Lebanon Hospital in New York City, she went on to Columbia University to receive her Bachelor of Science and Master of Arts degrees. Ever mindful of existing nursing conditions, Miss Belisle most effectively executes her responsibilities, evidenced through the smooth operation on the hospital units.

Service



Medical Staff — Appointed to the Board of Trustees of the Hospital: Dr. C. Mundy, Dr. P. Baehren, Dr. M. Gaodrich, Dr. J. Stifel.

THE BOARD OF TRUSTEES

The doctors pictured above are appointed members of the Board of Trustees. This board is the governing body over hospital policies in effect. The board is composed of influential citizens in the community, and meets at various times during the year to make any necessary changes in policy or to add members to the group in order to enhance smooth functioning.

Assistant Administrators: Mr. Hersch and Mr. Dorsett

To facilitate smooth running of this growing Institution, Mr. Benfer our Administrator, is provided with two assistants, Mr. Hersch and Mr. Dorsett. These two capable men are responsible to the Administrator for correlating the financial aspects of this Organization with the needs of the patient and personnel. Mr. Dorsett is particularly concerned with the Business Office, Admitting and Payroll. Whereas, Mr. Hersch has the responsibility essentially of being sure that the physical plant is in good order for the safety of patients and personnel.

Mr. Thielmann — Methods Engineer

Mr. Picknell — Purchasing Agent

Chaplain F. Randall Williams

Mr. Payette — Credit Manager
Mr. Keller — Business Manager

Rarely do we as nurses stop to realize the financial problems of the Hospital. Perhaps this is due to the excellent staff of workers in the Business Office, Personnel Office and Purchasing Department. It is to these people we extend our thank-you, first to the Business Office for collecting the essential finances with which to purchase equipment and, secondly to the Personnel and Purchasing Departments for selecting employees and for purchasing equipment with which to give good nursing care. These administrative offices, particularly the Purchasing Department assists the School to select excellent equipment and supplies which aid in the advancement of our nursing education.

Officers of Medical Staff: O. Todd, Vice Chief of Staff, Dr. F. Osgood, Chief of Staff, Dr. D. Katchka, Secretary-treasurer.

Our Medical Staff consists of doctors in all general and specialized fields of medicine, contributing a great deal to the educational program of the School. The Staff works very closely with all Hospital Departments to strengthen patient care and to create a pleasant atmosphere conducive to complete rehabilitation. Many of the doctors give of their free time to lecture to the professional nurse student. We can also be proud of the many professional contributions in medicine, surgery and research made by our fine Staff. We will remember each doctor for his particular interest and would hope that their co-operation in the educational program will be continued and progressive.

OUR MEDICAL CHIEF
DR. F. OSGOOD

Dr. H. H. M. Bowman, Director of Medical Education

Our Director of Medical Education, Dr. H. H. M. Bowman, has the responsibility of recruiting internes and residents for the Hospital. He uses his past experience as an educator to arrange for the needed experiences of the Hospital's interne, resident staff. He also functions on several of the committees of the Medical Staff.

To assist Dr. Bowman, the Medical Staff has appointed Dr. O. Keller as Chairman of the Interne and Residency Committee. Together these two men arrange for the enhancement of the medical education of the new doctor so that he or she will be adequately prepared to meet the growing medical demands of our society.

Dr. Keller, Chairman Interne and Residency Committee

Hungry, fellas?

Miss Hawerton, Mrs. Carncross

Mrs. Kahle, Mrs. West, Mrs. Boldt

ADMINISTRATIVE ASSISTANTS — This group of Professional nurses is responsibile for maintaining harmonious working conditions in the hospital through promoting sound personal relationships. She sees that the floors are well staffed and is helpful in solving problems arising.

Mrs. Bishop, supervisor, practical nurse students, functions in the capacity of presenting clinical classes and supervising all new procedures. She is aided in her job by the head nurses.

Mrs. Stumpmeyer, supervisor, auxillary personnel, has the duty of teaching all new aides and orienting them to the hospital routine.

Mrs. Ostrander, Mrs. Fitzenreiter

Mrs. Donna Stumpmeyer, Supervisor Auxillary Personnel

Mrs. Vera Bishop, Supervisor Practical Nurse Students

Surgical Services

Dr. David Curtis, Chief of Surgery

We receive one third of our training experience, throughout our three years, on these surgical units. As a member of the surgical health team, we strive toward better patient care, through knowledge of the newest surgical techniques, always striving to keep in mind our patients are people not diseases.

Mrs. Stone, Operating Room Head Nurse

Rewarding Service

Mrs. Eardley, Headnurse 4 NW

On our five medical units, we as students receive much of our clinical experience. In caring for the medical patient the nurse learns especially the importance of patience and understanding. With acquisition of these qualities she is able to carry through, more fully, total nursing care.

Psychiatry

Dr. Kenyon, Chief of Psychiatry

How'n the world does this go?

Versatile headnurse, Miss Galliers

To restore persons to good mental health as well as good physical health is a goal necessary to make a hospital complete. With the opening of our new Psychiatric Unit an eighth floor we are now able to treat patients with mental illnesses as well as physical illnesses.

Modern facilities, pleasant atmosphere, yielding a good therapeutic environment, are words that describe our psychiatric unit. The unit has a capacity for thirty-one patients both male and female, each having his own psychiatrist.

Chemotherapy, Insulin Shock, Electro-shock, Occupational, and Recreational Therapy are the types of treatment available.

Dr. Bernard Steinberg, Chief of Research and Pathology

Research

The Institute of Medical Research conducts investigations in several biological and medical fields. One of the major problems is the study of the mechanism of blood cell formations, physiologically and in disease. Since leukemia is one of the diseases in which there is a disturbance of this mechanism, major effort has been placed in investigation. During the last year experiments clarified the problem of bleeding, one of the causes of death in leukemia.

The clinical research on leukemia is conducted through the Hartford Project on the sixth floor of the hospital. The project, started in 1956, is supported by grants from the John A. Hartford Foundation, Inc. Patients come to the Hartford Project once a week for examination during the remission phase of leukemia. During the acute phase they are hospitalized and treated. All expenses, including hospitalization, if the patient has no insurance, are paid for by the project.

Patience and persistence yield progress.

Mrs. Owens, Hartford Project Nurse

T B ar not to be?
Mrs. Skehan, Miss Panek, Dr. Yetis, Miss Wiltse, Dr. Davis, Miss Pavlik

Miss Kempher, Headnurse, Emergency

Emergency

Miss Panek, Director, Student Health
Mrs. Janes, Headnurse, Outpatient Department

Dr. Frederick B. Hawkins
Chief of Orthopedics

Miss Patmos, Headnurse 4 SW

Orthopedics

Young and old alike need the care and attention this particular unit has to offer. Even though many of these patients are confined to their beds with traction and casts, the spirits run high. The duration of the hospital stay is long for some, but is made enjoyable by those who care for them.

Recently this portion of training has been changed, now the second year student spends eight weeks here and receives her orthopedic instruction during this period.

Miss Sealscott, Headnurse 4 SE

Interns: Dr. Bakker and Dr. Zumpft.

Miss Barrowman, Headnurse 5 NW

Mrs. Mrojek, Headnurse 5 N

Pediatrics

The little people of our hospital are by no means forgotten when it comes to care and comfort. The Pediatric Department includes a capacity for forty-four, modern facilities and a much appreciated playroom. Here the children enjoy supervised play; colorful "pint-sized" furniture; and toys furnished by the Auxilliary and student nurses. However, the older children, ages 5—15, do not have a recreational area at the present time. The professional students do not spend time on this unit as part of their educational program since this is obtained on affiliation.

Dr. Ralph Zucker, Chief of Pediatrics

The tender touch. Dr. Calderon

Obstetrics and Gynecology

Mrs. Stevens, Headnurse 5 SE

For most students, the thirteen weeks spent in the Obstetrical Department seemed to fly fast. The clinical experience is divided into three sections: Delivery, Nursery, and Post Partum Care of the mothers. This interesting and educational experience is included in the students' second year of training. The happy mothers; proud fathers; and the noisy, irresistable, hungry babies make this department like none other in the hospital.

Gynecology is another phase in the students training program which offers education important to her as a nurse and also as a young woman.

Post Partum Headnurse: Mrs. Scribner, Delivery Headnurse: Miss Zuadney, Obstetric Supervisor: Miss Howell (absent)

Nursery Headnurses: Mrs. Weaver and Miss King

Dr. James E. Miller — Chief of Obstetrics and Gynecology

But I don't want my bottle now!

OB, GYN Residents: Dr. Netland & Dr. Bruggemon

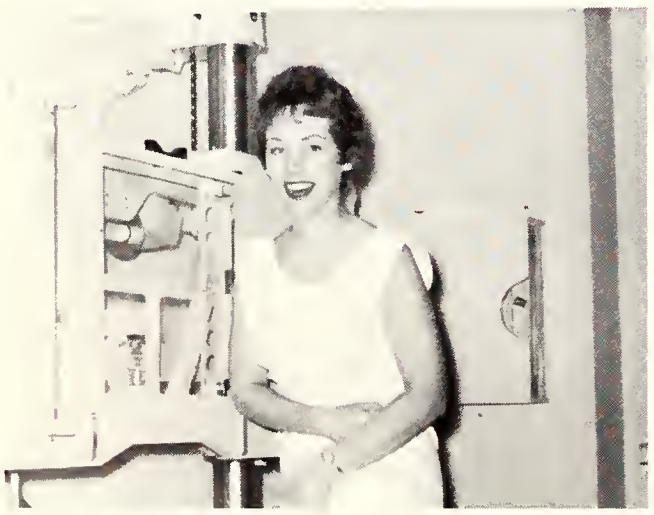
Dr. Peck, chief of radiology

Radiology, Physical Therapy, Laboratory

The Department of Radiology, headed by Dr. Willis Peck, carries out numerous x-ray procedures most helpful in the diagnosis, treatment, and care of the patient.

Rehabilitative measures are carried out by the Physiotherapy Department through exercise and massage, aiding those who otherwise might be handicapped in some way.

The progress and treatment of the patient is often largely determined through laboratory tests competently performed by our fine staff of pathologists and technicians.



Oh! This gown!

Oh! What student nurses have to go through!

Dr. Richard Baer, chief of physical therapy

Violet Koroloff, Chief Pharmacist
(Center Foreground)

Heart Station

Pharmacy's main job is that of dispensing medications of all sorts. Swish! And the drug is there at your fingertips due to the efficient, precise functioning of each pharmacist.

Taking and interpreting electrocardiograms along with various other diagnostic procedures in the heart station is directed by Dr. Kobacker.

Ooohl This is a pretty one!
Miss Kohler

Pharmacy

Egad!

Dr. Kobacker, Director of Cardiology

Mrs. Whitham, Headnurse, Central Supply

Central Supply in ACTION!

Central Supply

Central Supply is a very important part of our hospital. It is responsible for cleaning, storing, and sterilizing equipment used in the care of patients. As expected their task is vast, but you can count on their efficiency and reliability.

The dietary department is responsibile for planning and preparing all the meals served in the hospital. Therapeutic dieticians write diets for patients on special diets. In addition to writing menus and preparing food for patients, they write menus and prepare food for employees and visitors in the cafeteria.

Miss Brown, Head Dietician

Dietary

And what would you like for lunch?

Do ya think they use Mr. Clean?

Housekeeping

The Sparkling appearance throughout the hospital is due mainly to the untiring efforts of the Housekeeping Department. Working complementary is the Maintenance Department assuring us of a well run hospital.

Through the enthusiastic efforts of volunteers, the Gift Shop is efficiently maintained, using profits for items adding that "special touch" to the hospital and nurses' home.

Miss Kaiser, Executive Housekeeper

Bye Croxtan — hello world!

Thanks

to You . . .

In retrospect, we of the White Cap staff, would like to express our gratitude to all concerned in making possible the White Cap of 1961.

Snapping of pictures, sharpening of pencils and wits was an ever present pastime made easier through co-operation from fellow Senior Classmates.

Likewise, a big "thank-you" is extended to **Powell's Studio** for their willingness and dependability which more than filled our needs.

In concluding this book, as well as student life here at Toledo Hospital, we would like to pay tribute to **Miss Joanne Collins** who has so expertly guided our class throughout our three years and especially as advisor of the White Cap, 1961.

"Midnight Blues"

"Whatcha crappin', girls?"
